A masterpiece of sustainable design

As kind on the eyes as it is to the environment, this highly-engineered home is a healthy place for a family to live and grow. The closed-loop creation of world renowned sustainability designer Joost Bakker, the 3 bedroom building uses passive-solar principles to minimise the use of power and water, yet remain cool in summer and warm in winter. On 7.5 acres, 'The Green House' is a masterpiece of sustainable design, from recycled brick gabion walls housing straw bale insulation, to Bakker's trademark green roof. Entertainers' kitchen features Miele appliances, heated concrete floors and sandblasted stainless steel benchtops. Mains water and power, solar hot water, commercial-scale bore. Just two minutes to central Daylesford.

AUCTION Saturday 18th March at 11am
