

Made in Manhattan - eclectic style personified

5 2 1

Renovations with such attention to detail and quality finishings are rare. Even more unique is the incredibly edgy New York style that this breathtaking home demonstrates, which oozes luxury and creates an environment of fine living. Boasting 5 enormous bedrooms, 2 bathrooms and 3 living areas, this home is the epitome of function and class and is ideally low maintenance for the time poor. Demonstrating an 'as new' condition, this beautiful home is fantastic buying.

With stunning black and white palette throughout including a mix of beautiful high gloss tiles, high gloss black benchtops, white cabinetry, and stunning Manhattan feature wall paper throughout the home, a luxurious ambience is created. Boasting a fantastic concreted area at the front of the home for kids to play basketball, or to store your boat or caravan, and a beautiful landscaped backyard, your options are endless. With its refined style and features aplenty, this large family home is in a league of its own.
