More than great accommodation, more than northerly orientation, this is great contemporary design in a prized cul-de-sac location on 902m² of land.

A spectacular example of great late-20th Century architecture, this 5 bed, 2 bath, home lights up with northerly formal & family zones plus a huge rumpus room, a master-suite with atrium courtyard & covered terrace beyond walls of glass. Re-styled with a stone & Bosch kitchen, limed floors, designer lighting, a fireplace & sculptural fans, this heated & air-conditioned home maximises sun & garden outlooks in approx 902sqm grounds with double garage with teenager retreat. Close to Mordialloc College, in- zone for St Louis Primary & a walk to Mordialloc village & the bay, this is great contemporary design for a clever modern family.
