Schedule

Preliminary

To the purchaser:

The purpose of a statement under section 7 of the *Land and Business (Sale and Conveyancing) Act 1994* is to put you on notice of certain particulars concerning the land to be acquired.

If you intend to carry out building work on the land, change the use of the land or divide the land, you should make further inquiries to determine whether this will be permitted. For example, building work may not be permitted on land not connected to a sewerage system or common drainage scheme if the land is near a watercourse, dam, bore or the River Murray and Lakes.

The *Aboriginal Heritage Act 1988* protects any Aboriginal site or object on the land. Details of any such site or object may be sought from the "traditional owners" as defined in that Act.

If you desire additional information, it is up to you to make further inquiries as appropriate.

Instructions to the vendor for completing this statement:

means the Part, Division, particulars or item may not be applicable.

If it is applicable, ensure the box is ticked and complete the Part, Division, particulars or item.

If it is not applicable, ensure the box is empty or strike out the Part, Division, particulars or item. Alternatively, the Part, Division, particulars or item may be omitted, but not in the case of an item or heading in the table of particulars in Division 1 of the Schedule that is required by the instructions at the head of that table to be retained as part of this statement.

** means strike out or omit the option that is not applicable.*

All questions must be answered with a YES or NO (inserted in the place indicated by a rectangle or square brackets below or to the side of the question).

If there is insufficient space to provide any particulars required, continue on attachments.

To the purchaser:

Right to cool-off (section 5)

1—Right to cool-off and restrictions on that right

You may notify the vendor of your intention not to be bound by the contract for the sale of the land UNLESS—

- (a) you purchased by auction; or
- (b) you purchased on the same day as you, or some person on your behalf, bid at the auction of the land; or
- (c) you have, before signing the contract, received independent advice from a legal practitioner and the legal practitioner has signed a certificate in the prescribed form as to the giving of that advice; or
- (d) you are a body corporate and the land is not residential land; or
- (e) the contract is made by the exercise of an option to purchase not less than 5 clear business days after the grant of the option and not less than 2 clear business days after service of this form; or
- (f) the sale is by tender and the contract is made not less than 5 clear business days after the day fixed for the closing of tenders and not less than 2 clear business days after service of this form; or
- (g) the contract also provides for the sale of a business that is not a small business.

2—Time for service

The cooling-off notice must be served—

- (a) if this form is served on you before the making of the contract—before the end of the second clear business day after the day on which the contract was made; or
- (b) if this form is served on you after the making of the contract—before the end of the second clear business day from the day on which this form is served.

However, if this form is not served on you at least 2 clear business days before the time at which settlement takes place, the cooling-off notice may be served at any time before settlement.

3—Form of cooling-off notice

The cooling-off notice must be in writing and must be signed by you.

4—Methods of service

The cooling-off notice must be—

- (a) given to the vendor personally; or
- (b) posted by registered post to the vendor at the following address:
7 FRENCHAM LANE STRATHALBYN SA 5255
(being the vendor's last known address); or
- (c) transmitted by fax or email to the following fax number or email address:
EMAIL: JOHNL@OCRE.COM.AU NICKV@OCRE.COM.AU
(being a number or address provided to you by the vendor for the purpose of service of the notice); or
- (d) left for the vendor's agent (with a person apparently responsible to the agent) at, or posted by registered post to the agent at, the following address:
210 GREENHILL ROAD EASTWOOD SA 5063
(being the agent's address for service under the *Land Agents Act 1994*)

Note—Section 5(3) of the *Land and Business (Sale and Conveyancing) Act 1994* places the onus of proving the giving of the cooling-off notice on the purchaser. It is therefore strongly recommended that—

- (a) if you intend to serve the notice by leaving it for the vendor's agent at the agent's address for service or an address nominated by the agent, you obtain an acknowledgment of service of the notice in writing;
- (b) if you intend to serve the notice by fax or email, you obtain a record of the transmission of the fax or email.

5—Effect of service

If you serve such cooling-off notice on the vendor, the contract will be taken to have been rescinded at the time when the notice was served. You are then entitled to the return of any money you paid under the contract other than—

- (a) the amount of any deposit paid if the deposit did not exceed \$100; or
- (b) an amount paid for an option to purchase the land.

Proceeding with the purchase

If you wish to proceed with the purchase—

- (a) it is strongly recommended that you take steps to make sure your interest in the property is adequately insured against loss or damage;
- (b) pay particular attention to the provisions in the contract as to time of settlement - it is essential that the necessary arrangements are made to complete the purchase by the agreed date - if you do not do so, you may be in breach of the contract;
- (c) you are entitled to retain the solicitor or registered conveyancer of your choice.

Electricity and Telecommunications Infrastructure - Building Restrictions and Statutory Easements (including those related to gas, water and sewage)

Building restrictions

It is an offence under section 86 of the *Electricity Act 1996* to erect a building or structure within a prescribed distance of aerial or underground powerlines. In some, but not all, cases approval may be obtained from the Technical Regulator. Generally, however, land owners must not build, or alter a building or structure, with the result that any part of the resulting building or structure is within the minimum clearance distance required from certain types of powerlines. These building limitations are set out in the *Electricity (General) Regulations 2012* regulations 81 and 82. Purchasers intending to redevelop the property to be purchased should therefore be aware that the restrictions under the *Electricity Act* and *Regulations* may affect how, or if, they are able to redevelop the property.

In addition, if a building or structure is erected in proximity to a powerline of an electricity entity in contravention of the *Electricity Act*, the entity may seek a court order:

- a) requiring the person to take specified action to remove or modify the building or structure within a specified period;
- b) for compensation from the person for loss or damage suffered in consequence of the contravention; and/or
- c) for costs reasonably incurred by the entity in relocating the powerline or carrying out other work.

Contact the Office of the Technical Regulator in DEM on 8226 5500 for further details.

Statutory easements

Statutory easements for purposes such as (and without limitation) electricity, telecommunications, gas, water and sewage, may also exist, but may not be registered or defined on the title for the land.

Separate from the above building restrictions, South Australia's electricity supply and transmission businesses have statutory easements over land where part of the electricity distribution or transmission system was on, above or under the land as at particular dates specified by legislation.

This notice does not necessarily imply that any statutory or other easement exists.

However, where in existence, statutory easements may provide these organisations and businesses (identified in the relevant legislation) with the right of entry, at any reasonable time, to operate, repair, examine, replace, modify or maintain their equipment, to bring any vehicles or equipment on the land for these purposes, and to install, operate and carry out work on any pipelines, electricity or telecommunications cables or equipment that may be incorporated in, or attached to, their equipment (For example, see Clause 2 of Schedule 1 of the *Electricity Corporations (Restructuring and Disposal) Act 1999*; section 48A of the *Electricity Act 1996*).

For further clarification on these matters, please contact the relevant organisations or businesses, such as SA Power Networks' Easements Branch on telephone 8404 5897 or 8404 5894.

If you intend to excavate, develop or subdivide land, it is suggested that you first lodge a 'Dial Before you Dig' enquiry. Dial Before You Dig is a free referral service that provides information on the location of underground infrastructure. Using the Dial Before you Dig service (<https://1100.com.au>) may mitigate the risk of injury or expense resulting from inadvertent interference with, damage to, or requirement to relocate infrastructure.

Land Tax Act 1936 and Regulations thereunder

Agents should note that the current owner will remain liable for any additional charge accruing due before the date of this certificate which may be assessed on the land and also that the purchaser is only protected in respect of the tax for the financial year for which this certificate is issued. If the change of ownership will not occur on or before the 30th June, another certificate should be sought in respect of the next financial year or requests for certificate should not be made until after 30th June.

Animal and Plant Control (Agriculture Protection and other purposes) Act 1986 and Regulations

Agents should note that this legislation imposes a responsibility on a landholder to control and keep controlled proclaimed plants and particular classes of animals on a property.

Information should be obtained from:

- The vendor about the known presence of proclaimed plants or animals on the property including details which the vendor can obtain from records held by the local animal and plant control board
- The local animal and plant control board or the Animal and Plant Control Commission on the policies and priorities relating to the control of any serious proclaimed plants or animals in the area where the property is located.

COVENANTS

IT IS COVENANTED by the Owner with the Encumbrancee and with all other persons claiming under the Encumbrancee as purchasers of any land in the Development Zone as follows to the intent:

- that the covenants in this instrument will run with and bind the said land; and
 - that the benefit of each of the covenants will be annexed to, and pass to future owners of, each and every part of the Development Zone.
1. One Main Dwelling
The Owner shall not erect upon the land more than one detached dwelling house (exclusive of all general domestic outbuildings).
 2. Subdivision
The land shall not be subdivided.
 3. Residential Dwellings
3.1 The Owner shall not use or permit the land to be used for any purpose other than for private residential purposes with the exception of approval being obtained from and given by the Encumbrancee in relation to a home activity within the meaning defined by the Development Regulations 1993, as amended.
 4. Temporary Dwellings
The Owner shall not erect upon the land any building other than an outbuilding, that is constructed of prefabricated material, nor any transportable dwelling house, nor any caravan or other temporary dwelling as the detached dwelling house unless approved in writing by the Encumbrancee.
 5. Development in Accordance with Urban Design Guidelines
5.1 No dwelling or any other building or structure shall be erected, altered or added to or made in or over the said land or any part thereof unless such erection, alteration or addition:
 - 5.1.1 complies to the satisfaction of the Encumbrancee with the Urban Design Guidelines; and
 - 5.1.2 has received the prior written approval of the Encumbrancee.
 - 5.2 The Owner shall not submit any plans of building works to the Council for its approval until it has obtained the approval of the Encumbrancee or its agent.
 - 5.3 The Encumbrancee shall not act unreasonably in refusing any approval or imposing any condition of approval under Clause 5.1. But a refusal or a condition cannot be deemed unreasonable if:
 - 5.3.1 the proposal submitted is contrary to any provision in the Urban Design Guidelines; or
 - 5.3.2 a corporate member of the Planning Institute of Australia certifies that the proposed works do not conform with the general standards of design and planning of the Development Zone or that the proposed works are undesirable by reason of the effect they would have upon the development, health or amenity of the neighbourhood.
 6. No Delay
The Owner:
 - 6.1 must not permit any undue delay to occur in the commencement or completion of any works approved under clause 5.1;
 - 6.2 must not permit the commencement of the construction of a dwelling and garage or carport on the land to be delayed beyond a time limit of 24 months after the date of settlement (or such further time as the Encumbrancee in its absolute discretion may agree in writing to the Owner);
 - 6.3 must ensure that construction of a dwelling on the land, construction of a driveway and front landscaping be completed within 12 months from the date of commencement of construction.

7. Option to buy back

If the construction of a dwelling approved by the Encumbrancee is not commenced on the land before the expiry of the time limit stated in clause 6.2 (or such further time as the Encumbrancee may agree in writing with the Owner), then the following provisions will apply: -

- 7.1 The Encumbrancee may request the owner to transfer the land to the Encumbrancee or its nominee. The request may be made at any time after the expiry of the time limit, unless by that time the construction of a dwelling has commenced.
- 7.2 The Encumbrancee may, in its sole discretion, determine a price for the transfer of the land (being not less than the gross sale price of the land to the Owner less 10%).
- 7.3 The Owner must, within one month after the date of a request under clause 7.1, transfer an estate in fee simple in the land in accordance with the request, subject only to this Encumbrance.
- 7.4 The Owner must promptly execute all relevant documentation submitted to it by the Encumbrancee for the purpose of giving effect to the transfer.
- 7.5 Rates, taxes and all other outgoings relating to the land will be adjusted to the date of settlement of the transfer. All costs associated with the transfer will be borne by the Encumbrancee or its nominee.
- 7.6 The price fixed by the Encumbrancee will be payable to the Owner on settlement.

8 No sale or lease before building is completed

- 8.1 Subject to this clause and to clause 17 the Owner must not lease or transfer the land unless a dwelling, approved by the Encumbrancee under clause 5.1, has been completed on the land.
- 8.2 If a dwelling, approved by the Encumbrancee under clause 5.1, has not been completed on the land and the Owner desires to transfer the land, then the following provisions will apply:
 - 8.2.1 The Encumbrancee has the option of repurchasing the land, subject only to this Encumbrancee, for a price fixed by the Encumbrancee in the same manner as set out in clause 7.2.
 - 8.2.2 The Owner must make an offer in writing to the Encumbrancee to sell the land to the Encumbrancee or its nominee for the price fixed by the Encumbrancee. The offer will remain open for acceptance for one month after the date of service of the offer.
 - 8.2.3 If the offer is accepted then:
 - (a) the Owner must sell the land to the Encumbrancee or its nominee upon the terms stated in this clause;
 - (b) settlement will be effected within one month from the date of acceptance;
 - (c) the Owner must promptly execute all relevant documentation submitted to it by the Encumbrancee;
 - (d) rates, taxes and all other outgoings related to the land will be adjusted to the date of settlement;
 - (e) all costs associated with the transfer will be borne by the Encumbrancee or its nominee; and
 - (f) the price fixed by the Encumbrancee will be payable on settlement.
 - 8.2.4 Until the expiry of the period stated in clause 8.2.2, the Owner must not transfer or agree to transfer the land to any other person, (unless in the meantime the Encumbrancee, in writing, unconditionally declines the offer).
 - 8.2.5 This clause does not prevent a transfer of the land, upon the death of the Owner, to a person entitled to the land under the Will or upon the intestacy of the Owner.

8.3 If a dwelling approved by the Encumbrancee under clause 5.1 has not been completed on the land and the Owner causes or permits the land to be advertised for sale without first complying with clause 8.2, then the following provisions will apply:

8.3.1 The Encumbrancee may exercise its option to purchase the land for a price fixed by the Encumbrancee in the same manner as set out in clause 7.2 on the same terms and conditions as set out in clause 8.2.

8.3.2 The option must be exercised by notice in writing served on the Owner within one month of the date on which the Encumbrancee becomes aware that the land has been advertised for sale (a certificate under the hand of the Manager or Secretary or other senior officer of the Encumbrancee is conclusive evidence of such date).

8.3.3 Settlement must be effected within two months of the exercise of the option.

9 Parking of Vehicles

The Owner shall not cause or allow:

9.1 parking of motor vehicles on other than the driveway on the land;

9.2 the storage of boats, caravans and/or trailers forward of the front alignment of the dwelling house, and if so, must be screened from the street.

9.3 commercial vehicles to be parked or left unattended on the land or otherwise than in a position where the same are not visible from the road frontage to the said land. For the purposes of this provision, "commercial vehicles" includes any vehicle between 1 and 3 tonne tare in weight intended or designed to carry goods, equipment or passengers in commercial quantities;

9.4 any vehicle greater than 3 tonne tare in weight to be parked or left unattended on the land.

10 Landscaping

The Owner shall:

10.1 ensure that all garden areas within public view, including the area between the property boundary and the nearest edge of the road pavement fronting or bordering the land, are landscaped to the reasonable satisfaction of the Encumbrancee within 12 months of completion of construction of a dwelling on the land;

10.2 thereafter maintain such landscaping and planting to the general standard of landscaping of allotments and public verges in the Development Zone to the reasonable satisfaction of the Encumbrancee; and

10.3 not plant or grow or cause or permit to be planted or grown or remain planted or growing on the land any noxious or unlawful tree, plant or shrub.

11 Solar Hot Water

The Owner shall not use or permit to be used any primary hot water service from the dwelling other than a solar natural gas boosted split system hot water service, whereby the water storage tank is located at ground level and is not located on the roof adjacent to the solar panels.

12 Rainwater Tank

The Owner shall not use or permit to be used any toilet flush system for the dwelling that does not incorporate a rainwater tank which captures the main dwelling roof water and then plumbs that rainwater into the toilet flush system.

13 Fencing

13.1 The Owner must not occupy a dwelling on the land unless garages, carports and the side and rear boundary fencing are completed.

13.2 Where the said land abuts a road reserve no fence shall be erected on the boundary of the land with such road reserve or within a distance of 5 metres of such boundary.

13.3 No fence shall be erected on a side boundary of the land extending beyond the front building line of any dwelling erected upon the land.

- 13.4 Where the land abuts a recreation reserve (as determined by the Encumbrancee) no fence shall be erected on the boundary of the land with such recreation reserve or within a distance of 5 metres of such boundary unless such fence is constructed in a style and of a height and of materials which are approved in writing by the Encumbrancee.
- 13.5 Where the Encumbrancee has erected any fence on the land the Owner shall not fail to repair and maintain the same in good and proper repair and any repair and maintenance of such fence shall be effected with the same materials from which such fence is constructed and in the event that such fence shall be replaced by the Owner any such replacement fence shall be either of the same construction and constructed of the same material as the existing fence or of some similar construction and material approved by the Encumbrancee in writing.
- 13.6 Any approval of the Encumbrancee obtained pursuant to Clause 5.1 hereof shall, unless extended by the Encumbrancee, lapse at the expiration of a period of 2 years commencing on the date of the approval in writing if the works to which it refers are not in the opinion of the Encumbrancee substantially commenced within that period.

14 Notice to Rectify Breach

- 14.1 If the Encumbrancee serves a written notice upon the Owner specifying a breach of any of the Owner's obligations under Clauses 1, 2, 3, 4, 9, 10 and 11; and
- 14.2 the Owner fails to remedy the breach within one month from the date of service of the notice; then
- 14.3 the Encumbrancee, its servants, agents and contractors may enter the land and may take such action as the Encumbrancee deems necessary to remedy the breach; and
- 14.4 the Encumbrancee may recover from the Owner, in any court of competent jurisdiction, the costs incurred in remedying the breach.

15 Acknowledgment of Building Scheme

The Owner acknowledges for the Owner and the Owner's successors in title:

- 15.1 that the foregoing covenants are entered into and undertaken for the purposes of the Encumbrancee's scheme of development for the lands comprised in the Development Zone; and
- 15.2 that the Encumbrancee has warranted that it has required, and will continue to require, each purchaser from the Encumbrancee of land in the Development Zone, as a condition of its sale, to execute an instrument in substantially similar form to this instrument and containing substantially similar covenants and other stipulations.

16 Release of Owner Upon Sale

Once a dwelling has been completed on the land, the following provisions will apply:

- 16.1 The rent charge and covenants contained in this instrument will be binding only upon the registered proprietor for the time being of the land.
- 16.2 Subject to clause 16.3, each successive registered proprietor of the land will be released from the payment of the rent charge and from the performance of the covenants immediately upon transferring the fee simple in the land to another person.
- 16.3 Despite a transfer as referred to in clause 16.2, the rights of the Encumbrancee will be preserved against any former registered proprietor in relation to a breach of this encumbrance which occurred either before the transfer or by reason of the transfer.

17 Sunset Clause

- 17.1 The rights and obligations of the Encumbrancee will cease 24 months after the Encumbrancee ceases to be the registered proprietor of the last of the residential building allotments created in the Development Zone.
- 17.2 For the avoidance of doubt it is expressly stated that the rights and obligations of the owners of any land in the Development Zone arising under the building scheme created by this Encumbrance will continue despite the provisions of Clause 17.1.

18. Service of Notices

18.1 A notice may be served on the Owner either:

18.1.1 by posting the notice in a prepaid envelope to the last known address of the Owner; or

18.1.2 if a dwelling has been erected on the land, by leaving the notice at or attached to the dwelling.

18.2 A Notice may be served on the Encumbrancee by being left at or posted in a prepaid envelope addressed to the Encumbrancee at its registered office in South Australia.

A notice served by post is deemed to have been served 2 business days after posting.

Further information held by council

Does the council hold details of any development approvals relating to:

NO

(a) commercial or industrial activity at the land; or

(b) a change in the use of the land or part of the land (within the meaning of the

Development Act 1993) or the *Planning, Development and Infrastructure Act 2016*?

Note –

The question relates to information that the council for the area in which the land is situated may hold. If the council answers “YES” to the question, it will provide a description of the nature of each development approved in respect of the land. The purchaser may then obtain further details from council (on payment of any fee fixed by the council). However, it is expected that the ability to supply further details will vary considerably between councils.

A “YES” answer to paragraph (a) of the question may indicate that a potentially contaminating activity has taken place at the land (see sections 103C and 103H of the Environment Protection Act 1993) and that assessments or remediation of the land may be required at some future time.

It should be noted that –

- the approval of development by a council does not necessarily mean that the development has taken place;
- the council will not necessarily be able to provide a complete history of all such development that has taken place at the land.

General

Easement

NO

Does a Council drainage easement exist? – Refer to Certificate of Title of subdivision plans (ie Deposited Plans, Community Plans, File Plans etc) for details of easements in the interests of other State Departments or Agencies).

The purchaser may seek that information from the lessee or tenant or sublessee or subtenant.) NO

Buyers information notice

Land and Business (Sale and Conveyancing) Act 1994 section 13A

Land and Business (Sale and Conveyancing) Regulations 2010 regulation 17

Before you buy a home there are a number of things that you should investigate and consider. Though it may not be obvious at the time, there could be matters that may affect your enjoyment of the property, the safety of people on the property or the value of the property.

The following questions may help you to identify if a property is appropriate to purchase. In many cases the questions relate to a variety of laws and standards. These laws and standards change over time, so it is important to seek the most up to date information. Various government agencies can provide up to date and relevant information on many of these questions. To find out more, Consumer and Business Services recommends that you check the website: www.cbs.sa.gov.au

Consider having a professional building inspection done before proceeding with a purchase. A building inspection will help you answer some of the questions below.

The questions have been categorised under the headings **Safety**, **Enjoyment** and **Value**, but all of the issues are relevant to each heading.

Safety

- Is there **asbestos** in any of the buildings or elsewhere on the property eg sheds and fences?
- Does the property have any significant **defects** eg **cracking** or **salt damp**? Have the wet areas been waterproofed?

- Does the property have any **termite** or other pest infestations? Is there a current preventive termite treatment program in place? Was the property treated at some stage with persistent organochlorins (now banned) or other **toxic** termiticides?
- Has fill been used on the site? Is the soil contaminated by **chemical residues** or waste?
- Does the property use **cooling towers** or manufactured warm water systems? If so, what are the maintenance requirements?

Enjoyment

- Does the property have any **stormwater** problems?
- Is the property in a **flood prone** area? Is the property prone to coastal flooding?
- Does the property have an on-site **wastewater treatment facility** such as a septic tank installed? If so, what are the maintenance requirements? Is it compliant?

- Are there any **significant** trees on the property?
- Is this property a unit on **strata or community title**? What could this mean for you? Is this property on strata or community title? Do you understand the restrictions of use and the financial obligations of ownership? Will you have to pay a previous owner's debt or the cost of planned improvements?
- Is the property close to a hotel, restaurant or other venue with entertainment consent for live music? Is the property close to any industrial or commercial activity, a busy road or airport etc that may result in the generation of **noise** or the **emission of materials or odours** into the air?

- Is there sufficient car parking space available to the property?

Value

- Are there any **illegal or unapproved additions**, extensions or alterations to the buildings on the property?

IMPORTANT NOTICE
SMOKE ALARM LEGISLATION

Legislation relating to smoke alarms came into force on the 1st day of February 1998.

- If the home you are purchasing was built on or after the 1st of January 1995, then it should already have an operational mains powered smoke alarm installed. If not, it is the responsibility of the vendor to install it prior to settlement at the vendor's cost.
- If the home was built prior to the 1st of January 1995, but purchased by the vendor on or after 1st February 1998, then it should already have either an operational mains powered smoke alarm installed, or one powered by 10 year life, non-replaceable, non-removeable permanently connected batteries. Again, it is the responsibility of the vendor to install such an alarm prior to settlement, and at the vendor's cost.
- In all other cases, the home you are buying must have at least, a battery operated smoke alarm which you are required to upgrade to mains power (or an alarm fitted with 10 year life, non-replaceable, non-removeable permanently connected batteries) within six months of the date of purchase. It is recommended that at least one smoke alarm be installed on each floor of a multi storey dwelling.

The smoke alarms must be installed by a licensed electrician and must comply with the Australian Standard. A maximum penalty of \$750.00 for a breach of the legislation applies.

Besides this penalty, there is also a risk that damage caused by fire to a dwelling, which does not have a smoke alarm installed as required under the legislation, may not be covered by insurance.
