(Section 7 *Land and Business (Sale and Conveyancing) Act 1994*)

Contents

Preliminary

Part A—Parties and land

Part B—Purchaser's cooling off rights and proceeding with the purchase

Part C—Statement with respect to required particulars

Part D—Certificate with respect to prescribed inquiries by registered agent

Schedule

Preliminary

To the purchaser:

The purpose of a statement under section 7 of the *Land and Business (Sale and Conveyancing) Act 1994* is to put you on notice of certain particulars concerning the land to be acquired.

If you intend to carry out building work on the land, change the use of the land or divide the land, you should make further inquiries to determine whether this will be permitted. For example, building work may not be permitted on land not connected to a sewerage system or common drainage scheme if the land is near a watercourse, dam, bore or the River Murray and Lakes.

The *Aboriginal Heritage Act 1988* protects any Aboriginal site or object on the land. Details of any such site or object may be sought from the "traditional owners" as defined in that Act.

If you desire additional information, it is up to you to make further inquiries as appropriate.

Instructions to the vendor for completing this statement:

means the Part, Division, particulars or item may not be applicable.

If it is applicable, ensure the box is ticked and complete the Part, Division, particulars or item.

If it is not applicable, ensure the box is empty or strike out the Part, Division, particulars or item. Alternatively, the Part, Division, particulars or item may be omitted, but not in the case of an item or heading in the table of particulars in Division 1 of the Schedule that is required by the instructions at the head of that table to be retained as part of this statement.

** means strike out or omit the option that is not applicable.*

All questions must be answered with a YES or NO (inserted in the place indicated by a rectangle or square brackets below or to the side of the question).

If there is insufficient space to provide any particulars required, continue on attachments.

Part A—Parties and land

- 2 Purchaser's registered agent: **NOT APPLICABLE**
Address:
- 3 Vendor: **ROBERT MICHAEL JANSEN AND GILLIAN BURNETT JANSEN**
Address: **7 O'CONNOR STREET NORMANVILLE SA 5204**
- 4 Vendor's registered agent: **Ouwens Casserly Real Estate Pty. Ltd.**
Address: **210 Greenhill Road Eastwood SA 5063**
- 5 Date of contract (if made before this statement is served): / /2025
- 6 Description of the land: **7 O'CONNOR STREET NORMANVILLE SA 5204 BEING THE WHOLE OF THE LAND COMPRISED IN CERTIFICATE OF TITLE REGISTER BOOK VOLUME 6201 FOLIO 73 BEING ALLOTMENT 20 DEPOSITED PLAN 116826 IN THE AREA NAMED NORMANVILLE HUNDRED OF YANKALILLA**

Part B—Purchaser's cooling-off rights and proceeding with the purchaser

To the purchaser:

Right to cool-off (section 5)

1—Right to cool-off and restrictions on that right

You may notify the vendor of your intention not to be bound by the contract for the sale of the land UNLESS—

- (a) you purchased by auction; or
- (b) you purchased on the same day as you, or some person on your behalf, bid at the auction of the land; or
- (c) you have, before signing the contract, received independent advice from a legal practitioner and the legal practitioner has signed a certificate in the prescribed form as to the giving of that advice; or
- (d) you are a body corporate and the land is not residential land; or
- (e) the contract is made by the exercise of an option to purchase not less than 5 clear business days after the grant of the option and not less than 2 clear business days after service of this form; or
- (f) the sale is by tender and the contract is made not less than 5 clear business days after the day fixed for the closing of tenders and not less than 2 clear business days after service of this form; or
- (g) the contract also provides for the sale of a business that is not a small business.

2—Time for service

The cooling-off notice must be served—

- (a) if this form is served on you before the making of the contract—before the end of the second clear business day after the day on which the contract was made; or
- (b) if this form is served on you after the making of the contract—before the end of the second clear business day from the day on which this form is served.

However, if this form is not served on you at least 2 clear business days before the time at which settlement takes place, the cooling-off notice may be served at any time before settlement.

3—Form of cooling-off notice

The cooling-off notice must be in writing and must be signed by you.

4—Methods of service

The cooling-off notice must be—

- (a) given to the vendor personally; or
- (b) posted by registered post to the vendor at the following address:
7 O'CONNOR STREET NORMANVILLE SA 5204
(being the vendor's last known address); or
- (c) transmitted by fax or email to the following fax number or email address:
EMAIL: NICKV@OCRE.COM.AU JOHNL@OCRE.COM.AU
(being a number or address provided to you by the vendor for the purpose of service of the notice); or
- (d) left for the vendor's agent (with a person apparently responsible to the agent) at, or posted by registered post to the agent at, the following address:
210 GREENHILL ROAD EASTWOOD SA 5063
(being the agent's address for service under the *Land Agents Act 1994*)

Note—Section 5(3) of the *Land and Business (Sale and Conveyancing) Act 1994* places the onus of proving the giving of the cooling-off notice on the purchaser. It is therefore strongly recommended that—

- (a) if you intend to serve the notice by leaving it for the vendor's agent at the agent's address for service or an address nominated by the agent, you obtain an acknowledgment of service of the notice in writing;
- (b) if you intend to serve the notice by fax or email, you obtain a record of the transmission of the fax or email.

5—Effect of service

If you serve such cooling-off notice on the vendor, the contract will be taken to have been rescinded at the time when the notice was served. You are then entitled to the return of any money you paid under the contract other than—

- (a) the amount of any deposit paid if the deposit did not exceed \$100; or
- (b) an amount paid for an option to purchase the land.

Proceeding with the purchase

If you wish to proceed with the purchase—

- (a) it is strongly recommended that you take steps to make sure your interest in the property is adequately insured against loss or damage;
- (b) pay particular attention to the provisions in the contract as to time of settlement - it is essential that the necessary arrangements are made to complete the purchase by the agreed date - if you do not do so, you may be in breach of the contract;
- (c) you are entitled to retain the solicitor or registered conveyancer of your choice.

Part C—Statement with respect to required particulars

(section 7(1))

To the purchaser:

We, ROBERT MICHAEL JANSEN AND GILLIAN BURNETT JANSEN,

Schedule—Division 1—Particulars of mortgages, charges and prescribed encumbrances affecting the land

(section 7(1)(b))

Note—

Section 7(3) of the Act provides that this statement need not include reference to charges arising from the imposition of rates or taxes less than 12 months before the date of service of the statement.

Where a mortgage, charge or prescribed encumbrance referred to in column 1 of the table below is applicable to the land, the particulars in relation to that mortgage, charge or prescribed encumbrance required by column 2 of the table must be set out in the table (in accordance with the instructions in the table) unless—

- (a) there is an attachment to this statement and—
 - (i) all the required particulars are contained in that attachment; and
 - (ii) the attachment is identified in column 2; and
 - (iii) if the attachment consists of more than 2 sheets of paper, those parts of the attachment that contain the required particulars are identified in column 2; or
- (b) the mortgage, charge or prescribed encumbrance—
 - (i) is one of the following items in the table:
 - (A) under the heading 1. General—
 - 1.1 Mortgage of land
 - 1.4 Lease, agreement for lease, tenancy agreement or licence
 - 1.5 Caveat
 - 1.6 Lien or notice of a lien
 - (B) under the heading 36. Other charges—
 - 36.1 Charge of any kind affecting the land (not included in another item); and
 - (ii) is registered on the certificate of title to the land; and
 - (iii) is to be discharged or satisfied prior to or at settlement.

Electricity and Telecommunications Infrastructure - Building Restrictions and Statutory Easements (including those related to gas, water and sewage)

Building restrictions

It is an offence under section 86 of the *Electricity Act 1996* to erect a building or structure within a prescribed distance of aerial or underground powerlines. In some, but not all, cases approval may be obtained from the Technical Regulator. Generally, however, land owners must not build, or alter a building or structure, with the result that any part of the resulting building or structure is within the minimum clearance distance required from certain types of powerlines. These building limitations are set out in the *Electricity (General) Regulations 2012* regulations 81 and 82. Purchasers intending to redevelop the property to be purchased should therefore be aware that the restrictions under the *Electricity Act* and *Regulations* may affect how, or if, they are able to redevelop the property.

In addition, if a building or structure is erected in proximity to a powerline of an electricity entity in contravention of the *Electricity Act*, the entity may seek a court order:

- a) requiring the person to take specified action to remove or modify the building or structure within a specified period;
- b) for compensation from the person for loss or damage suffered in consequence of the contravention; and/or
- c) for costs reasonably incurred by the entity in relocating the powerline or carrying out other work.

Contact the Office of the Technical Regulator in DEM on 8226 5500 for further details.

Statutory easements

Statutory easements for purposes such as (and without limitation) electricity, telecommunications, gas, water and sewage, may also exist, but may not be registered or defined on the title for the land.

Separate from the above building restrictions, South Australia's electricity supply and transmission businesses have statutory easements over land where part of the electricity distribution or transmission system was on, above or under the land as at particular dates specified by legislation.

This notice does not necessarily imply that any statutory or other easement exists.

However, where in existence, statutory easements may provide these organisations and businesses (identified in the relevant legislation) with the right of entry, at any reasonable time, to operate, repair, examine, replace, modify or maintain their equipment, to bring any vehicles or equipment on the land for these purposes, and to install, operate and carry out work on any pipelines, electricity or telecommunications cables or equipment that may be incorporated in, or attached to, their equipment (For example, see Clause 2 of Schedule 1 of the *Electricity Corporations (Restructuring and Disposal) Act 1999*; section 48A of the *Electricity Act 1996*).

For further clarification on these matters, please contact the relevant organisations or businesses, such as SA Power Networks' Easements Branch on telephone 8404 5897 or 8404 5894.

If you intend to excavate, develop or subdivide land, it is suggested that you first lodge a 'Dial Before you Dig' enquiry. Dial Before You Dig is a free referral service that provides information on the location of underground infrastructure. Using the Dial Before you Dig service (<https://1100.com.au>) may mitigate the risk of injury or expense resulting from inadvertent interference with, damage to, or requirement to relocate infrastructure.

Land Tax Act 1936 and Regulations thereunder

Agents should note that the current owner will remain liable for any additional charge accruing due before the date of this certificate which may be assessed on the land and also that the purchaser is only protected in respect of the tax for the financial year for which this certificate is issued. If the change of ownership will not occur on or before the 30th June, another certificate should be sought in respect of the next financial year or requests for certificate should not be made until after 30th June.

Animal and Plant Control (Agriculture Protection and other purposes) Act 1986 and Regulations

Agents should note that this legislation imposes a responsibility on a landholder to control and keep controlled proclaimed plants and particular classes of animals on a property.

Information should be obtained from:

- The vendor about the known presence of proclaimed plants or animals on the property including details which the vendor can obtain from records held by the local animal and plant control board
- The local animal and plant control board or the Animal and Plant Control Commission on the policies and priorities relating to the control of any serious proclaimed plants or animals in the area where the property is located.

Landscape South Australia 2019

Water Resources Management - Taking of underground water

Under the provisions of the *Landscape South Australia Act 2019*, if you intend to utilise underground water on the land subject to this enquiry the following apply:

- A well construction permit accompanied by the prescribed fee is required if a well/bore exceeding 2.5 meters is to be constructed. As the prescribed fee is subject to annual review, you should visit the webpage below to confirm the current fee
- A licensed well driller is required to undertake all work on any well/bore
- Work on all wells/bores is to be undertaken in accordance with the *General specification for well drilling operations affecting water in South Australia*.

Further information may be obtained by visiting <https://www.environment.sa.gov.au/licences-and-permits/water-licence-and-permit-forms>. Alternatively, you may contact the Department for Environment and Water on (08) 8735 1134 or email DEWwaterlicensing@sa.gov.au.

Dear Sir/Madam,

REQUEST FOR INFORMATION

We refer to your request and now attach particulars and documentary material which Council must supply pursuant to the provisions of the Local Government Act 1999 and/or the Land and Business (Sale and Conveyancing) Act 1994.

Updates to Certificate of Liabilities are not provided verbally. If you require an update, please e-mail a request to Council, at council@yankalilla.sa.gov.au, with a copy of Page 1 from this certificate, and Council will e-mail a reply.

Be aware that fines/interest are imposed each month on any rates and arrears owing. Certificates older than three months from date of issue must be searched again and a new fee paid. Any certificate issued in a previous rating year must also be re-searched and a new fee paid. In addition, this Council is unable to process 24 hour urgent searches, but we will do our best to process these requests as quickly as possible.

Please advise Council of the name/s in full of the new owner/s of this property, including their **postal** address, immediately after settlement and/or transfer is effected.

Yours faithfully,

Chief Executive Officer

PARTICULARS OF BUILDING INDEMNITY INSURANCE

Section 12 of Land and Business (Sale & Conveyancing) Act 1994 and Regulations 1995

Note: Building indemnity insurance is not required for –

- a) domestic building work for which approval under the *Planning, Development and Infrastructure Act 2016*, the repealed *Development Act 1993* or the repealed *Building Act 1971* is or was not required; or
- b) minor domestic building work (see Section 3 of the *Building Work Contractors Act 1995*); or
- c) domestic building work commenced before 1 May 1987: or
- d) building work in respect of which an exemption from the application of Division 3 of Part 5 of the *Building Work Contractors Act 1995* applies under the *Building Work Contractors Regulations 2011*: or
- e) building work in respect of which an exemption from the application of Division 3 of Part 5 of the *Building Work Contractors Act 1995* has been granted under Section 45 of that Act.

Building Indemnity Insurance is required.

No OR See attached details OR No record

Exemption from holding insurance:

If particulars of insurance are not given –

Has an exemption been granted under Section 45 of the *Building Work Contractors Act 1995* from the requirement to hold an insurance policy in accordance with Division 3 of Part 5 of that Act?

No OR See attached details.

PARTICULARS RELATING TO ENVIRONMENT PROTECTION

Section 12 of Land and Business (Sale & Conveyancing) Act 1994 and Regulations 1995

Further information held by councils

Does the council hold details of any development approvals relating to-

- (a) commercial or industrial activity at the land; or
- (b) a change in the use of the land or part of the land (within the meaning of the *Development Act 1993* or the *Planning, Development and Infrastructure Act 2016*)?

No OR Yes, see following details.

Note- The question relates to information that the council for the area in which the land is situated may hold. If the council answers “Yes” to the question, it will provide a description of the nature of each development approved in respect of the land. The purchaser may then obtain further details from the council (on payment of any fee fixed by the council). However, it is expected that the ability to supply further details will vary considerably between councils.

A “Yes” answer to paragraph (a) of the question may indicate that a **potentially contaminating activity** has taken place at the land (see Sections 103C & 103H of the *Environment Protection Act 1993*) and that assessments or remediation of the land may be required at some future time.

It should be noted that-

- the approval of development by a council does not necessarily mean that the development has taken place;
- the council will not necessarily be able to provide a complete history of all such development that has taken place at the land.

DISTRICT COUNCIL OF YANKALILLA
www.yankalilla.sa.gov.au

NOTES

SMOKE ALARMS: As from 1.2.1998 and within 6 months from the day on which the title is transferred, the dwelling **MUST** have a smoke alarm or smoke alarms in accordance with the Fire Safety Requirements, that are powered through a mains source of electricity.

ENCUMBRANCES: Refer to Certificate of Title for charges or encumbrances over land of which the Council has the benefit.

UNMADE ROAD RESERVES: If there are unmade road reserves on or adjoining this property, Council may be issuing invoices for Permits for business purposes under Sec 222 of the Local Government Act 1999.

FIRE PREVENTION: Sec 105F of Fire & Emergency Services Act 2005 requires owners of private land to take reasonable steps to prevent or inhibit the outbreak and spread of fires. Fire Danger Season starts on 1 December and ends 30 April, subject to change by CFS depending on seasonal conditions. Contact our Fire Prevention Officer on 8558 0200 for requirements and further information.

DOGS: Legislation in SA requires all dogs of or over 3 months of age must be registered. Council has for some time now placed limits on the number of dogs per dwelling. Contact us on 8558 0200 for requirements and further information.

WASTE & RECYCLING: Collection day varies across the region, please refer to www.fleurieuregionalwasteauthority.com.au for collection schedule. For all waste & recycling enquiries, contact Fleurieu Regional Waste Authority on 08 8555 7405 or admin@frwa.com.au.

STATE GOVERNMENT CONCESSIONS: Contact the ConcessionsSA Hotline 1800 307 758 or go to www.sa.gov.au/concessions for more information.

RATES: District Council of Yankalilla has adopted a rating system using a Differential General Rate, based on Land Use, with a minimum rate. This is applied to the Capital Valuations, supplied by State Valuation Office, to calculate rates. For 2025/26, the rates in the dollar declared are:

0.367981 cents in the dollar	Residential/Commercial/Industrial/Other Land Uses
0.367981 cents in the dollar	Primary Production Land Use
0.496774 cents in the dollar	Vacant Land
<u>Minimum rate declared</u>	<u>\$1200.00</u>

Council is required to collect the Regional Landscape Levy for the Hills and Fleurieu Landscape Board. A separate rate of 0.009579 cents in the dollar was declared for 2025/26. Council is operating as a revenue collector for the Hills and Fleurieu Landscape Board in this regard and does not retain this revenue or determine how the revenue is spent.

WATER SUPPLY: If you are moving into the district, be aware you may not receive a water supply to your property. Check with SA Water if unsure.

POSTAL DELIVERY: If you are moving into the district, be aware you may not receive postal delivery to your property. Check with the local Post Office, as **you may need to organise a PO Box number.**

For a new resident pack please contact us on 8558 0200 and one can be organised for you.

DEVELOPMENT PLAN CONSENT

Conditions:

1. Development shall proceed in accordance with the plans and written documentation accompanying the application, unless varied by the following conditions
2. The external finishes to the building or structure herein approved shall be in accordance with the materials as specified in the application now approved.
3. The method of stormwater disposal must not result in the entry of water into any building or on to the land of any adjoining owner without their consent.

Notes:

Allotment boundaries will not be certified by Council staff. The onus of ensuring that the building is sited in the approved position on the current allotment is the responsibility of the owner. This may necessitate a survey being carried out by a licensed land surveyor.

You should advise your neighbour of your intentions to build on your common boundary, prior to commencing construction.

It is the builder's responsibility

- to ensure the Council's footpaths, roads, kerbing and drainage pits etc are protected from damage during the construction of the development
- to provide the necessary signage on the footpath and road, where hazards are created as a result of the development
- to repair any portion of Council's infrastructure damaged as a result of work undertaken on the allotment or associated with the construction on the allotment.

To limit damage, a single temporary access location **to the frontage of the allotment** (ie the future driveway location) is to be established and utilised for machinery, delivery of building materials and general vehicular access. If required, existing footpath paving can be removed during the construction period to define the access location, and relayed at the completion of construction.

Council is to be supplied with dated photos and measurements of any defects that existed prior to the commencement of work; otherwise it will be assumed that all damage was caused during construction.

Reinstatement of damaged infrastructure must be carried out to the satisfaction of the Council. Failure to do so will result in such repairs being carried out by the Council and invoiced to the builder.

All work undertaken within the road verge between the property boundary and the carriageway edge requires approval from Council. Approval shall be obtained for the following activities

- *construction of a driveway across Council verge*
- *underground electrical connection*
- *stormwater connection from property to the road*
- *landscaping or earthworks including filling, retaining walls, removal and/or planting of vegetation*

All wastes derived from building or demolition activities are to be sorted into the following categories prior to entering one of Council's Landfill or Transfer Station Depots.

Note: The categories listed below are not exhaustive, as new technologies and efficiencies are continually discovered.

Contact your local depot for current category parameters and the associated discounted (or free) charges applicable.

- Paper and cardboard
- Steel
- Copper (wiring included)
- Clean fill
- Rock/Concrete
- Tree prunings
- Composting Green Organics
- Inert wastes

- Putrescible wastes (any material which can breakdown or rot)
- Asbestos Hazardous wastes and liquid wastes are not presently accepted at
- Council Depots by EPA license condition.

DEVELOPMENT APPLICATION NO : 260/103/16

BUILDING RULES CONSENT

BUILDING CLASSIFICATION : 10A NON LIVING - GARAGE CARPORT SHED

Conditions:

1. The corrosion protection proposed for the building to be in accordance with Part 3.4.2 & Part 3.5.1 the BCA and AS 1562.1

Notes:

Pursuant to Regulation 74 Development Regulations 2008 the applicant or builder proposing to undertake the development is advised of their obligation to give Council one (1) days notice of the commencement of the development and at the stages notified by Council with the Development Approval. The notice of commencement shall include the names of the persons who will be signing the Statement of Compliance required by Regulation 83AB (8) of the Development Regulations 2008.

This report is based on the building rules assessment only and does not suggest or infer compliance with any other legislation

The proposed method of disposal of the roof water or stormwater from this development must not result in entry of water into any building or on the land of any adjoining owner without their prior consent.

The methods of protection against termite attack listed in AS3660.1 - Termite Management - New Building Work rely on regular inspection and maintenance to remain effective. The construction of the building on or adjacent to a property boundary, another structure, tank, gas bottle, water heater or other equipment may impede the inspection process and reduce the effectiveness of the termite barrier.

Notes for Applicant/Owner

1. You may have a right of appeal if this notification is:
 - a refusal (appeal rights do not apply to applicants for non-complying forms of development)
 - a consentSuch an appeal must be lodged within two months of the day on which you receive this notice or such longer time as the Environmental Resources and Development Court allows.
For assistance in the cost and lodgement of an appeal it is suggested you contact the Court which is located in the Sir Samuel Way Building, Victoria Square, Adelaide, or phone the Court on (08) 8204 0300.
2. If your application was the subject of third party representations, any consent, or consent subject to conditions shall not operate until fifteen (15) days from the date of the decision made on the application. If there is an appeal by a third party, any consent or consent subject to conditions shall not operate until determination of the appeal. Fifteen (15) days from the date of the decision on your application, contact the Environmental Resources and Development Court to find out if there has been an appeal lodged.
3. If this is a consent or consent with conditions:
 - the development must be substantially commenced within 12 monthsAND
 - Any act or work authorised or required by this notification must be completed within three (3) years of the date of the notification or a longer time as allowed by the Council or the Development Assessment Commission.
 - You will require a fresh consent before commencing or continuing the development if you are unable to satisfy these requirements.

ALLOTMENT BOUNDARIES:

Allotment Boundaries will not be certified by Council Staff. The onus of ensuring that buildings are sited in the approved position on the correct allotment is the responsibility of the owner.

VARIATIONS:

Any variations or additions to the original application must be submitted to the Council for Approval

PROTECTION OF PROPERTY:

Your co-operation is sought in ensuring that the street, road, kerb, gutter, and footway are protected from damage during delivery of any building materials to the site. Re-instatement costs can be recovered from the owner in addition to a penalty imposed by a court, if damage is caused. Any changes to existing entranceways must be approved by Council.

S.A. WATER:

Townships - where an allotment is served by S.A. Water Sewer, the owner is required to give notice to that department of the intended building work.

ETSA:

This report does not imply compliance with the Electricity Act 1996, as amended or the regulations thereunder. It is the responsibility of the owner and the person erecting the Building to ensure compliance with the same.

WARNINGS:

- The owner is warned that the Council is required to approve the minimum allowable footing sizes under the regulations and A.S.2870. Such designs do not provide a guarantee against footing failures. Advice from a qualified engineer in this matter is recommended.
- This approval does not imply compliance with the (State) Electricity Trust of South Australia Act 1946, Equal Opportunity Act, 1984 and the Commonwealth Disability Discrimination Act 1993 as amended or the regulations thereunder. It is the responsibility of the applicant and the person erecting the building to ensure compliance with same.

DEVELOPMENT PLAN CONSENT

Conditions:

1. Development shall proceed in accordance with the plans and written documentation accompanying the application, unless varied by the following conditions
2. The external finishes to the building or structure herein approved shall be in accordance with the materials as specified in the application now approved.
3. The method of stormwater disposal must not result in the entry of water into any building or on to the land of any adjoining owner without their consent.
4. All scarring or physical disturbances of the land surface during any excavation work shall be restricted to only that which is shown on the approved plan as required for building work and/or access purposes. All exposed faces around such scarred areas and spoil shall be screened with trees and shrubs and covered with suitable ground cover to the reasonable satisfaction of Council.
5. During construction of the development, hay bales (or other soil erosion control methods as approved by Council) shall be placed above and below the excavated/filled site to prevent soil moving off the allotment during periods of rainfall.

Notes:

A development application is required for the demolition of the existing dwelling. The development application must be lodged and granted Development Approval by Council before it is demolished.

Allotment boundaries will not be certified by Council staff. The onus of ensuring that the building is sited in the approved position on the current allotment is the responsibility of the owner. This may necessitate a survey being carried out by a licensed land surveyor.

It is the builder's responsibility

- to ensure the Council's footpaths, roads, kerbing and drainage pits etc are protected from damage during the construction of the development
- to provide the necessary signage on the footpath and road, where hazards are created as a result of the development
- to repair any portion of Council's infrastructure damaged as a result of work undertaken on the allotment or associated with the construction on the allotment.

To limit damage, a single temporary access location **to the frontage of the allotment** (ie the future driveway location) is to be established and utilised for machinery, delivery of building materials and general vehicular access. If required, existing footpath paving can be removed during the construction period to define the access location, and relayed at the completion of construction.

Council is to be supplied with dated photos and measurements of any defects that existed prior to the commencement of work; otherwise it will be assumed that all damage was caused during construction.

Reinstatement of damaged infrastructure must be carried out to the satisfaction of the Council. Failure to do so will result in such repairs being carried out by the Council and invoiced to the builder.

All work undertaken within the road verge between the property boundary and the carriageway edge requires approval from Council. Approval shall be obtained for the following activities

- construction of a driveway across Council verge
- underground electrical connection
- stormwater connection from property to the road
- landscaping or earthworks including filling, retaining walls, removal and/or planting of vegetation

All wastes derived from building or demolition activities are to be sorted into the following categories prior to entering one of Council's Landfill or Transfer Station Depots.

Note: The categories listed below are not exhaustive, as new technologies and efficiencies are continually discovered.

Contact your local depot for current category parameters and the associated discounted (or free) charges applicable.

- Paper and cardboard
- Steel
- Copper (wiring included)
- Clean fill
- Rock/Concrete
- Tree prunings
- Composting Green Organics
- Inert wastes
- Putrescible wastes (any material which can breakdown or rot)
- Asbestos Hazardous wastes and liquid wastes are not presently accepted at Council Depots by EPA license condition.

Please be advised that where a Private Certifier is appointed to undertake the Building Rules Assessment, Council does not provide a service of advising the Private Certifier of site conditions or any matters relevant to the building assessment. It is recommended that Private Certifier undertakes his or her own investigations and inspection of the site to become acquainted with site conditions and any other relevant matter.

BUILDING RULES CONSENT

BUILDING CLASSIFICATION : 1A DWELLING
10A NON LIVING - GARAGE CARPORT SHED

For conditions of Building rules consent, please refer to the Private Certifiers Decision Notification Form – Building Rules Consent and any notes attached.

Please contact the *Private Certifier* if you have any enquiries in relation to the Conditions of Development Building Consent.

Notes for Applicant/Owner

1. You may have a right of appeal if this notification is:
 - a refusal (appeal rights do not apply to applicants for non-complying forms of development)
 - a consentSuch an appeal must be lodged within two months of the day on which you receive this notice or such longer time as the Environmental Resources and Development Court allows.
For assistance in the cost and lodgement of an appeal it is suggested you contact the Court which is located in the Sir Samuel Way Building, Victoria Square, Adelaide, or phone the Court on (08) 8204 0300.
2. If your application was the subject of third party representations, any consent, or consent subject to conditions shall not operate until fifteen (15) days from the date of the decision made on the application. If there is an appeal by a third party, any consent or consent subject to conditions shall not operate until determination of the appeal. Fifteen (15) days from the date of the decision on your application, contact the Environmental Resources and Development Court to find out if there has been an appeal lodged.
3. If this is a consent or consent with conditions:
 - the development must be substantially commenced within 12 monthsAND
 - Any act or work authorised or required by this notification must be completed within three (3) years of the date of the notification or a longer time as allowed by the Council or the State Commission Assessment Panel.
 - You will require a fresh consent before commencing or continuing the development if you are unable to satisfy these requirements.

NOTIFICATION STAGES

The owner or builder must notify Council at the following stages:

1. Prior to the commencement of any building work on the site.

NOTE: *It is at this time the name, address and phone no of the person who is to provide the "statement of compliance" must be given.*

2. After completion of the steel reinforcement and prior to pouring of concrete in footings and other reinforced concrete members.
3. After completion of timber, steel or other structural framework and before such framework is covered by any roof or wall linings/cladding. This includes both internal and external claddings eg bricks to brick-veneer buildings
4. After completion of the building as notified pursuant to Regulation 74(1)(d)

NOTE: **At least one business days notice of commencement of any stage of the building work must be given to the inspector. Reg 74**

ALLOTMENT BOUNDARIES:

Allotment Boundaries will not be certified by Council Staff. The onus of ensuring that buildings are sited in the approved position on the correct allotment is the responsibility of the owner.

VARIATIONS:

Any variations or additions to the original application must be submitted to the Council for Approval

PROTECTION OF PROPERTY:

Your co-operation is sought in ensuring that the street, road, kerb, gutter, and footway are protected from damage during delivery of any building materials to the site. Re-instatement costs can be recovered from the owner in addition to a penalty imposed by a court, if damage is caused. Any changes to existing entranceways must be approved by Council.

S.A. WATER:

Townships - where an allotment is served by S.A. Water Sewer, the owner is required to give notice to that department of the intended building work.

SA POWER NETWORKS:

This report does not imply compliance with the Electricity Act 1996, as amended or the regulations thereunder. It is the responsibility of the owner and the person erecting the Building to ensure compliance with the same.

WARNINGS:

- The owner is warned that the Council is required to approve the minimum allowable footing sizes under the regulations and A.S.2870. Such designs do not provide a guarantee against footing failures. Advice from a qualified engineer in this matter is recommended.
- This approval does not imply compliance with the (State) Electricity Trust of South Australia Act 1946, Equal Opportunity Act, 1984 and the Commonwealth Disability Discrimination Act 1993 as amended or the regulations thereunder. It is the responsibility of the applicant and the person erecting the building to ensure compliance with same.

STATEMENT OF COMPLIANCE

Regulation 83AB requires a Statement of Compliance (copy of the appropriate form under Schedule 19A attached) for Class 1a buildings, to be provided upon completion to the relevant authority.

Part A of this statement must be signed by a *licensed building work contractor* who has been responsible for carrying out the building work or, if there is no such person – *a registered building work supervisor or a private certifier and;*

Part B of this statement must be signed by the owner of the land, or by someone acting on his or her behalf. This statement must be provided to the relevant authority within 10 business days of completion or occupation of the building and must be in the form indicated in **Schedule 19A** of the Development Regulations 1993. **Reg 83AB**

BUILDING WORK AFFECTING OTHER LAND

For building work prescribed in Regulation 75 (cut/fill), the building owner must, at least 28 days before the building work is commenced, cause to be served on the owner of the affected land or premises a notice of intention to perform building work and the nature of such work, as required by Section 60.

The owner of the site is advised that if any cut or fill is proposed on the boundary of the site a retaining wall may be required.

Any retaining wall less than 1000mm high on the site boundary is, pursuant to Schedule 3, deemed not to be a development, however, under the provisions of Section 60 and Regulation 75 the associated excavation/filling is deemed to be building work which affects the stability of the adjoining land and requires notice to be served on the adjoining owner.

BUILDING RULES CONSENT CONDITIONS

1. A Certificate of Indemnity Insurance as required by the Building Work Contractors Act 1995 must be submitted to Council prior to commencing work on site. Reg. 21
2. All building work shall be undertaken in accordance with the stamped approved documentation and, where necessary, the manufacturers specification and recommendations suitable to withstand conditions appropriate for the site. NCC (Vol. 2) - Part 2.1 & 3.11
3. The 'IXL' exhaust fan in the main bathroom must exhaust contaminated air to directly outside the building by way of ducts OR into the roof space provided the roof space is adequately ventilated by roof vents. NCC (Vol. 2) - Part 3.8.5.2

NOTES

Building Work Notifications

The builder or owner is required to give the Council one business days' notice of the mandatory notification stages prescribed in Regulation 74 of the *Development Regulations 2008*. Council will advise of these requirements when Development Approval is granted.

Statement of Compliance – Class 1 buildings

A statement shall be submitted to Council by the responsible Licensed Building Work Contractor at the completion of the building work, this statement must also be signed by the owner of the land on which domestic building work is being carried out.

Timber Roof Trusses with Nail Plate Connectors

Prefabricated timber roof trusses are manufactured to engineering standards and are designed for normal roof, ceiling and wind loads to suit specific jobs and conditions and do not include allowances for special loads, such as solar units, water heaters, air conditioning units, household attic/loft storage or other attachments. If you intend to add/alter the load configuration on any truss further advice must be sought from the truss designer/fabricator prior to construction.

Due care must be taken when transporting, unloading and storing trusses on a construction site. Manufacturers have clear recommendations on how this must occur and the builder is responsible to ensure these requirements are met.

Any variations to the original truss design/details must be submitted to and approved by the relevant authority prior to their installation on site.

National Construction Code (NCC – Vol. 2)

The development herein granted Building Consent has been assessed for compliance with the NCC. All work shall be undertaken in accordance with the plans and details accompanying the application, except where varied by condition indicated above (if any).

Proprietary Products

This Building Consent is granted with the understanding that all proprietary materials and products are installed in strict accordance with the manufacturers specifications and recommendations.

Concrete Footings

The builder/owner shall ensure that all landscaping and other recommendations contained within the engineers footing construction report are undertaken and completed prior to occupation of the building. It should be noted that we are required to approve the minimum allowable footings under regulations and AS2870. Such designs do not guarantee against footing movement and advice should be sought from your engineer on ways to minimise movement effects.

The footing system has been assessed for compliance with the minimum allowable requirements prescribed in AS2870. The owner is advised to refer to the footing construction report or seek further advice and or clarification from the design engineer. The owner's attention is drawn to Appendix B of AS2870 "Performance Requirements and Foundation Maintenance".

Care should be exercised to ensure that the plumbing and perimeter paving is installed in accordance with the requirements of AS2870 and any engineer's details.

Residential Timber Framing

All structural timber framing, tie downs, bracing and connections must be constructed in strict accordance with AS1684.2 – Residential timber-framed construction, and be suitable to withstand design wind speeds appropriate for the site.

The assessment of timber framing has been based on the understanding that the timber to be used for all structural elements has a minimum joint strength of J4 or JD4.

All timber exposed to the weather or in contact with the ground shall be durability class 1 or 2 (AS1720) or shall be adequately treated with preservative (AS1604). All nails and/or screws used for framing anchors and straps shall be corrosion protected. Nails and/or screws used in joints that are continuously damp or exposed to the weather shall be hot-dip galvanized, stainless steel or monel metal.

Other Important Notes

The application has NOT been assessed for compliance with the commonwealth disability Discrimination Act or the Equal Opportunity Act. It is the responsibility of the owner to ensure compliance with same. This has been determined by a recent Environmental, Resources and Development Court determination that this assessment is not part of the assessment for compliance with Building Rules.

Any building owner who proposes to carry out any excavation or filling of a nature prescribed in Regulation 75 of the Development Regulations is required to serve upon the adjoining owner a notice of their intention to perform that work in accordance with Section 60 of the Development Act.

This consent is for work that is to be carried out within the site boundaries and does not cover any work to be carried out in any adjoining public space. Approval for any work within the public space needs to be obtained from Council, which includes the location, design and capacity of the storm water discharge at the property alignment, as well as vehicular access, service connections and locations, the temporary occupation of the footpath etc.

Storm water shall be disposed of in such a manner that it does not flow or discharge onto any land of adjoining owners, lie against any building or create an insanitary condition. This applies also to the building whilst under construction.

It is advisable to contact the service authorities such as SA Water, ETSA, Origin Energy, AGL, Telstra, Department of Transport, Australia Post, Environmental Protection Authority (EPA), United Water etc and any easement owner or holder, where applicable, to seek their requirements or approval prior to commencing any building work on site.

DEVELOPMENT PLAN CONSENT

Conditions:

1. Development shall proceed in accordance with the plans and written documentation accompanying the application, unless varied by the following conditions

Notes:

The proposed demolition shall be carried out in accordance with the following:

- Access to and in the vicinity of the site by the public before, during and after demolition, until the site is cleared; is to be restricted and as such the area must be secured by an approved barrier;
- Any dust or similar products arising from the demolition must be controlled and kept within the site as far as is reasonable;
- All demolition materials are to be removed from the site, and the site is to be left in a clean and tidy condition;
- The demolition, transport and disposal of asbestos products, is subject to legislative control and must be handled in accordance with those requirements. Contact the Department for Administrative and Information Services, Industrial Affairs – Mineral Fibres Branch (asbestos enquiries) on 8303 0400 for further information and relevant approvals. Australian Standard AS2601 Demolition of Structures, should be referred to for demolition procedures.

Note: Disconnection of services and the undertaking of public liability insurance is the responsibility of the person supervising the works.

It is the builder's responsibility

- *to ensure the Council's footpaths, roads, kerbing and drainage pits etc are protected from damage during the construction of the development*
- *to provide the necessary signage on the footpath and road, where hazards are created as a result of the development*
- *to repair any portion of Council's infrastructure damaged as a result of work undertaken on the allotment or associated with the construction on the allotment.*

*To limit damage, a single temporary access location **to the frontage of the allotment** (ie the future driveway location) is to be established and utilised for machinery, delivery of building materials and general vehicular access. If required, existing footpath paving can be removed during the construction period to define the access location, and relayed at the completion of construction.*

Council is to be supplied with dated photos and measurements of any defects that existed prior to the commencement of work; otherwise it will be assumed that all damage was caused during construction.

Reinstatement of damaged infrastructure must be carried out to the satisfaction of the Council. Failure to do so will result in such repairs being carried out by the Council and invoiced to the builder.

All work undertaken within the road verge between the property boundary and the carriageway edge requires approval from Council. Approval shall be obtained for the following activities

- construction of a driveway across Council verge
- underground electrical connection
- stormwater connection from property to the road
- landscaping or earthworks including filling, retaining walls, removal and/or planting of vegetation

All wastes derived from building or demolition activities are to be sorted into the following categories prior to entering one of Council's Landfill or Transfer Station Depots.

Note: *The categories listed below are not exhaustive, as new technologies and efficiencies are continually discovered.*

Contact your local depot for current category parameters and the associated discounted (or free) charges applicable.

- *Paper and cardboard*
- *Steel*
- *Copper (wiring included)*
- *Clean fill*
- *Rock/Concrete*
- *Tree prunings*
- *Composting Green Organics*
- *Inert wastes*
- *Putrescible wastes (any material which can breakdown or rot)*
- *Asbestos Hazardous wastes and liquid wastes are not presently accepted at Council Depots by EPA license condition.*

PROTECTION OF PROPERTY:

Your co-operation is sought in ensuring that the street, road, kerb, gutter, and footway are protected from damage during delivery of any building materials to the site. Re-instatement costs can be recovered from the owner in addition to a penalty imposed by a court, if damage is caused. Any changes to existing entrance-ways must be approved by Council.

S.A. WATER:

Townships - where an allotment is served by S.A. Water Sewer, the owner is required to give notice to that department of the intended building work.

ETSA:

This report does not imply compliance with the Electricity Act 1996, as amended or the regulations thereunder. It is the responsibility of the owner and the person erecting the Building to ensure compliance with the same.

WARNINGS:

- The owner is warned that the Council is required to approve the minimum allowable footing sizes under the regulations and A.S.2870. Such designs do not provide a guarantee against footing failures. Advice from a qualified engineer in this matter is recommended.
- This approval does not imply compliance with the (State) Electricity Trust of South Australia Act 1946, Equal Opportunity Act, 1984 and the Commonwealth Disability Discrimination Act 1993 as amended or the regulations thereunder. It is the responsibility of the applicant and the person erecting the building to ensure compliance with same.

STATEMENT OF COMPLIANCE

Regulation 83AB requires a Statement of Compliance (copy of the appropriate form under Schedule 19A attached) for Class 1a buildings, to be provided upon completion to the relevant authority.

Part A of this statement must be signed by a **licensed building work contractor** who has been responsible for carrying out the building work or, if there is no such person – **a registered building work supervisor or a private certifier and;**

Part B of this statement must be signed by the owner of the land, or by someone acting on his or her behalf. This statement must be provided to the relevant authority within 10 business days of completion or occupation of the building and must be in the form indicated in **Schedule 19A** of the Development Regulations 1993. **Reg 83AB**

BUILDING WORK AFFECTING OTHER LAND

For building work prescribed in Regulation 75 (cut/fill), the building owner must, at least 28 days before the building work is commenced, cause to be served on the owner of the affected land or premises a notice of intention to perform building work and the nature of such work, as required by Section 60.

The owner of the site is advised that if any cut or fill is proposed on the boundary of the site a retaining wall may be required.

Any retaining wall less than 1000mm high on the site boundary is, pursuant to Schedule 3, deemed not to be a development, however, under the provisions of Section 60 and Regulation 75 the associated excavation/filling is deemed to be building work which affects the stability of the adjoining land and requires notice to be served on the adjoining owner.

PAYMENT REMITTANCE ADVICE

No payment is required on this Certificate

OFFICIAL: Sensitive

Please Note:

Please check that the property details shown on this Certificate are correct for the land being sold.

The amount payable on this Certificate is accurate as at the date of issue.

This Certificate is only valid for the financial year shown.

If the change of ownership will occur in the following financial year, you must obtain another Certificate after 30 June.

Payment should be made as part of the settlement process.

The amount payable on this Certificate must be paid in full even if only a portion of the subject land is being sold. RevenueSA cannot apportion the ESL.

If the amount payable is not paid in full, the purchaser may become liable for all of the outstanding ESL as at the date of settlement.

The owner of the land as at 12:01am on 1 July in the financial year of this Certificate will remain liable for any additional ESL accrued before the date of this Certificate, even if the amount payable on this Certificate has been paid.

Provision of this Certificate does not relieve the land owner of their responsibility to pay their Notice of ESL Assessment by the due date.

If the owner of the subject land is receiving an ESL pensioner concession but was not living in the property as their principal place of residence as at 12:01am on 1 July of the current financial year, or is now deceased, you must contact RevenueSA prior to settlement.

Payment should be made as part of the settlement process.

The amount payable on this Certificate must be paid in full even if only a portion of the subject land is being sold. RevenueSA cannot apportion the land tax.

If the amount payable is not paid in full on or before the due date shown on this Certificate, the purchaser will not be released from liability of the whole amount of the land tax outstanding as at the date of settlement.

The owner of the land as at midnight on 30 June immediately before the financial year of this Certificate will remain liable for any additional land tax accrued before the date of this Certificate, even if the amount payable on this Certificate has been paid.

The amount payable on this Certificate is the land tax payable at the date of issue. However, land tax for a particular financial year may be reassessed at any time, changing the amount payable.

Should a reassessment occur after this Certificate has been paid in full, the purchaser will remain indemnified and will not be responsible for payment of the new land tax payable amount. The owner at the beginning of the relevant financial year will be responsible for payment of any additional land tax payable.

Should a reassessment occur after this Certificate has been issued but not paid in full, the purchaser will not be indemnified and may become responsible for payment of the new land tax payable amount.

Should a reassessment occur after this Certificate has been paid in full and the Certificate is subsequently updated, the purchaser will not be indemnified and may become responsible for payment of the new land tax payable amount.

Provision of this Certificate does not relieve the land owner of their responsibility to pay their Notice of Land Tax Assessment by the due date.

Buyers information notice

Land and Business (Sale and Conveyancing) Act 1994 section 13A

Land and Business (Sale and Conveyancing) Regulations 2010 regulation 17

Before you buy a home there are a number of things that you should investigate and consider. Though it may not be obvious at the time, there could be matters that may affect your enjoyment of the property, the safety of people on the property or the value of the property.

The following questions may help you to identify if a property is appropriate to purchase. In many cases the questions relate to a variety of laws and standards. These laws and standards change over time, so it is important to seek the most up to date information. Various government agencies can provide up to date and relevant information on many of these questions. To find out more, Consumer and Business Services recommends that you check the website: www.cbs.sa.gov.au

Consider having a professional building inspection done before proceeding with a purchase. A building inspection will help you answer some of the questions below.

The questions have been categorised under the headings **Safety**, **Enjoyment** and **Value**, but all of the issues are relevant to each heading.

Safety

- Is there **asbestos** in any of the buildings or elsewhere on the property eg sheds and fences?
- Does the property have any significant **defects** eg **cracking** or **salt damp**? Have the wet areas been waterproofed?
- Is the property in a **bushfire** prone area?
- Are the **electrical wiring, gas installation, plumbing and appliances** in good working order and in good condition? Is a **safety switch** (RCD) installed? Is it working?
- Are there any prohibited **gas appliances** in bedrooms or bathrooms?
- Are **smoke alarms** installed in the house? If so, are they hardwired? Are they in good working order and in good condition? Are they compliant?
- Is there a **swimming pool and/or spa pool** installed on the property? Are there any safety barriers or fences in place? Do they conform to current standards?
- Does the property have any **termite** or other pest infestations? Is there a current preventive termite treatment program in place? Was the property treated at some stage with persistent organochlorins (now banned) or other **toxic** termiticides?
- Has fill been used on the site? Is the soil contaminated by **chemical residues** or waste?
- Does the property use **cooling towers** or manufactured warm water systems? If so, what are the maintenance requirements?

Enjoyment

- Does the property have any **stormwater** problems?
- Is the property in a **flood prone** area? Is the property prone to coastal flooding?
- Does the property have an on-site **wastewater treatment facility** such as a septic tank installed? If so, what are the maintenance requirements? Is it compliant?
- Is a **sewer mains connection** available?
- Are all gutters, downpipes and stormwater systems in good working order and in good condition?
- Is the property near **power lines**? Are there any trees on the property near power lines? Are you considering planting any trees? Do all structures and trees maintain the required clearance from any power lines?
- Are there any **significant** trees on the property?
- Is this property a unit on **strata or community title**? What could this mean for you? Is this property on strata or community title? Do you understand the restrictions of use and the financial obligations of ownership? Will you have to pay a previous owner's debt or the cost of planned improvements?
- Is the property close to a hotel, restaurant or other venue with entertainment consent for live music? Is the property close to any industrial or commercial activity, a busy road or airport etc that may result in the generation of **noise** or the **emission of materials or odours** into the air?
- What appliances, equipment and fittings are included in the sale of the property?
- Is there sufficient car parking space available to the property?

Value

- Are there any **illegal or unapproved additions**, extensions or alterations to the buildings on the property?
- How **energy efficient** is the home, including appliances and lighting? What **energy sources** (eg electricity, gas) are available?
- Is the property connected to SA Water operated and maintained **mains water**? Is a mains water connection available? Does the property have a **recycled water** connection? What sort of water meter is located on the property (a **direct or indirect meter** – an indirect meter can be located some distance from the property)? Is the property connected to a water meter that is also serving another property?
- Are there water taps outside the building? Is there a watering system installed? Are they in good working order and in good condition?
- Does the property have **alternative sources** of water other than mains water supply (including **bore or rainwater**)? If so, are there any special maintenance requirements?

For more information on these matters visit: www.cbs.sa.gov.au

Disclaimer: There may be other issues relevant to the purchase of real estate. If you are unable to ascertain enough information about the questions raised in this form and any other concerns you may have we strongly recommend you obtain independent advice through a building inspection, a lawyer, and a financial adviser.

IMPORTANT NOTICE
SMOKE ALARM LEGISLATION

Legislation relating to smoke alarms came into force on the 1st day of February 1998.

- If the home you are purchasing was built on or after the 1st of January 1995, then it should already have an operational mains powered smoke alarm installed. If not, it is the responsibility of the vendor to install it prior to settlement at the vendor's cost.
- If the home was built prior to the 1st of January 1995, but purchased by the vendor on or after 1st February 1998, then it should already have either an operational mains powered smoke alarm installed, or one powered by 10 year life, non-replaceable, non-removeable permanently connected batteries. Again, it is the responsibility of the vendor to install such an alarm prior to settlement, and at the vendor's cost.
- In all other cases, the home you are buying must have at least, a battery operated smoke alarm which you are required to upgrade to mains power (or an alarm fitted with 10 year life, non-replaceable, non-removeable permanently connected batteries) within six months of the date of purchase. It is recommended that at least one smoke alarm be installed on each floor of a multi storey dwelling.

The smoke alarms must be installed by a licensed electrician and must comply with the Australian Standard. A maximum penalty of \$750.00 for a breach of the legislation applies.

Besides this penalty, there is also a risk that damage caused by fire to a dwelling, which does not have a smoke alarm installed as required under the legislation, may not be covered by insurance.
