

## Mid-Century Magnificence and Bay Views

Superb architecture makes the most of the elevated location and panoramic views from this renovated home. Built in the 1960s, the streamlined design now offers a new era of easy light-filled living and a courtside address near the beach. Village shops, cafes and schools. Three-bedroom design is inspired, with outdoor areas on each level, sun-drenched living zone and terrace with bay and treetop views, and a gourmet kitchen with stone benches. Big windows add to the wonderful sense of space and light. There's nothing to do except move in and love the private setting, low-traffic location, and pristine presentation.
